Application completed What's next?

Good Luck!

1. South Regional TAFE will check and verify your application to make sure everything is correct.
2. You might get an email asking for more information. If that happens, your application can't move forward until we receive what's needed - so be sure to check your email and reply as soon as you can!
3. We will advise you once your application has been verified and is moving to the assessment stage. No further action is required from you at this stage.
4. You may be invited to an interview. This is not for all applicants and not for all courses.
5. Once the assessment stage is finished, you will get an email letting you know if you were successful or not.
6. Very important: If you are successful, you must click the link in the email/offer letter we send you. This step is essential - without it, we can not enrol you in the course!
7. If you don't get into your first choice, your other choices will still be looked at, as long as there are spots left in those courses.
